AD ART SHOW AT THE OCULUS

WESTFIELD WORLD TRADE CENTER
NEW YORK CITY SEP 1-30, 2020

MvVO ART invites you to enjoy AD ART SHOW 2020 inside the spacious and spectacular Oculus at the World Trade Center!

It's FREE and open Monday through Saturday 11am to 7pm, and on Sunday 12pm to 6pm, September 1st to 30th. (Screens go dark for one day, on September 11).

EXPLORE THE ICONIC OCULUS AND DISCOVER EMERGING CONTEMPORARY ARTISTS.

AD ART SHOW 2020 is an All-Digital Art Experience that offers art lovers a unique opportunity to discover new artists, and to begin or expand art collections. The 135 artists with works displayed on a monumental scale were selected by a jury of contemporary art experts. They work in advertising and related fields and create extraordinary art—paintings, sculpture, photography, works on paper and mixed media.

CATCH A RISING STAR AT THE START OF THEIR ART CAREER AT AD ART SHOW 2020!

All the works are for sale on the MvVO ART Artsy gallery page. Visit the MvVO ART site for information about artists, collecting, trends in contemporary art and more—with new content throughout September. mvvoart.com

THE OCULUS AS GALLERY SPACE

Designed by noted Spanish architect Santiago Calatrava, the Oculus has the grandeur of a cathedral and shape of a dove released from a child's hands. It is a shopping/dining venue, a transportation hub and during AD ART SHOW it is an art gallery like no other! The gigantic

screens offer art lovers an exceptional view of contemporary art. The expansive space makes social distancing while viewing art comfortable. Please wear a mask and abide by all New York State guidelines.
